

LOADING CUSTOM TUNES

1. From your e-mail, save your custom tunes (.cef files) to your computer's Desktop.
2. Open the SCT Device Updater software and click the **Load Custom Tune File** button.
3. Click **Browse** and locate your custom tunes on your Desktop. Alternatively, click **Locate Custom Tunes** and select the tune you wish to load.
4. The tune you selected should move to the **Available Tunes** section.
5. Select the listed tune in the Available Tunes section, then click the >> button to move the selected tune to the On Device section.
6. Highlight the tune under the On Device section, then click **Program**. Tunes can only be loaded one at a time. Repeat steps 3-7 for each tune, the device can hold up to ten custom tunes.
